

FICARRA DESIGN ASSOCIATES

Our goal for this space was to create a retreat for families that stay in this home away from home. Inspired by some of Florida's most cheerful vacation homes, our design layers color, pattern, and natural materials to invite visiting families inside. Colorful fabrics keep the space bright and upbeat while natural textures, such as rattan and vinyl grasscloth add a sense of coziness.

Contributing to the mission of the Ronald McDonald House Charities® is near and dear to our hearts. We are extremely honored to utilize our design skills as a tool to create a pleasant experience for families with children receiving special care at the Golisano Children's Hospital of Southwest Florida.
